# In Praise of Thermatex

We recently received the following testimonial from a satisfied customer:

“ I bought my first Thermatex saddle pad from your store, Horse Country, about five years ago. It was a black shaped pad (a little odd in shape, but that was not a stopper), and a little expensive for an everyday pad, but I decided it would be worth trying since I had heard so many good things about the Thermatex dress sheets. I liked the pad because it wasn't bulky, and it would wick the sweat away from the horse rather than allow it to build up. I would hang it up to dry out after use, and toss it in the cold wash once every two weeks or so. That pad is now in its 6th year of use! My exercise riders decided they liked it so much, I bought two new square Thermatex pads. These are very under-rated. Mine are dark colors and clean up well in the wash...no residual soil staining. I found that the pad also works well in combination with the Mattes wool pad that I use with my hunt saddle. ”

Michele Novack  
Mitchellville Maryland  
(near Marlborough Hunt territory)

Thanks, Michele. We're thrilled you're so happy with our Thermatex saddle pads.  
What more could we possibly say? Well, a few things actually.

**1** Thermatex blankets are each hand cut for a perfect fit. They're made of a micro quilt wicking fabric in a unique wool and acrylic blend with a polypropylene insulating layer. Features include double binding and a matching filet string, wither pad, with a double front closure and Roko fittings. It's lightweight, easy to fit, and machine washable.

**2** Thermatex saddle pads are available in contoured and square shapes, in your choice of white, navy, hunter green, or black.

**3** Exercise and Nordic rugs (quarter sheets), for your horses, in a range of sizes and a variety of colors.

**4** How about a Thermatex coat for your dog? From XXXS for a Yorkie to XXL to keep your Great Dane cozy. Three color combinations and lots of sizes to select from: Navy/Gray trim, Red/Green trim, and Cerise/Purple trim. You'll love the matching crate blankets. We also have Dog Bags for the bird dogs.

**5** We haven't forgotten you two-legged creatures. You'll love our Thermatex vest in a host of colors including Navy, Yellow, Purple, Pink, Green, Olive and Medium Blue. Wear the Yellow vest under your hunt coat this winter. In UK sizes 6 to 16, machine washable, the ultimate in practicality and stylish good looks.

As Michele found out, the Thermatex material is known for its incredible wicking ability, durability, ease of care, and functional performance. Treat your horse, your dog, and yourself to the best...**Thermatex!**
